

Drive Trailers - The Best Addition to your Fleet

Warranty 3 year mechanical - 2 year coating - 1 year manufacturers parts

When designing all of our series of trailers, we looked at all of the ways we could improve on previous models. We have added some features that we will make this a great trailer at an affordable price.

Our trailers are made right here in Huron, South Dakota.

CAR HAULER SERIES

A Car and Light Duty Equipment Hauler in an All-Encompassed Package.

The Drive Trailers Car Hauler Trailer offers a ton of versatility. Car hauler Trailers can be used to transport a variety of materials, from light equipment to delicate items. Strength and Dependability: Car Haulers are known for their strength, versatility, and dependability. Ground clearance and Loading Space: The lower platform and wider deck of these trailers offers more ground clearance and loading space. Cargo and Towing Styles: The car hauler setup allows for more versatility in cargo and towing styles. These trailers can range from 16 to 24 ft in length and have hauling capacities ranging from 7,000 to 10,500 lbs. They are available in bumper pull and in various axle configurations.

Standard Multi-Symetrical Ramps are Stored from the Back, With Swing Away Storage Keepers.

20' Model Shown

Lay Flat D-Rings on the Dovetail Corners along with Welded Traction Bars.

All Wood Seams are Staggered for Strength, which also Adds to the Strength of the Trailer.
