

Drive Trailers - The Best Addition to your Fleet

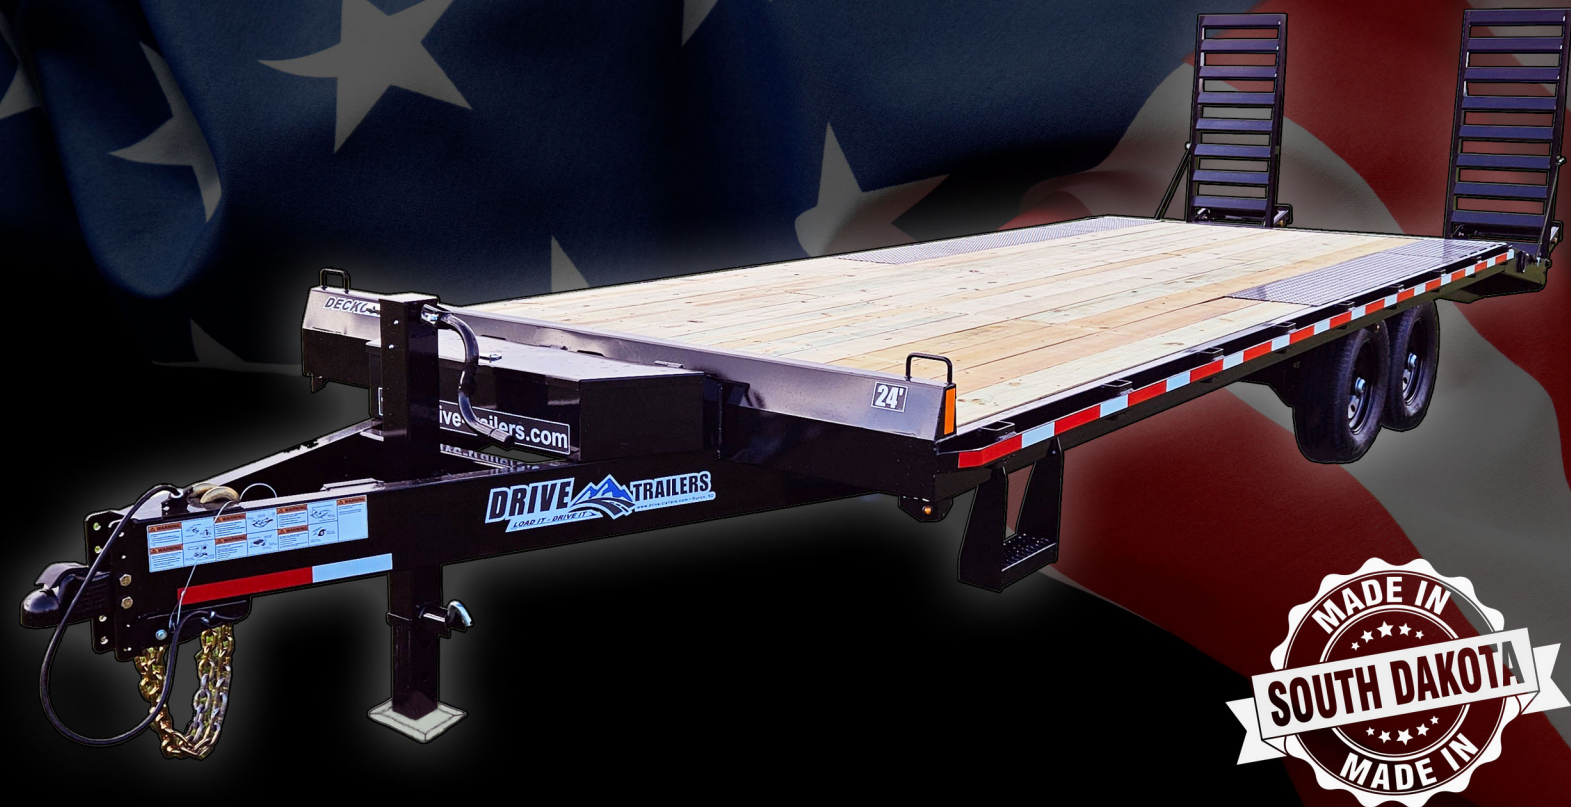

Warranty 3 year mechanical - 2 year coating - 1 year manufacturers parts

When designing all of our series of trailers, we looked at all of the ways we could improve on previous models. We have added some features that we will make this a great trailer at an affordable price.

Our trailers are made right here in Huron, South Dakota.

DECKOVER SERIES

The Next Generation of Deck Over Trailers for your Equipment Line.

The Drive Trailers Deck Over Trailers offer a ton of versatility. Deck Over Trailers can be used to transport a variety of materials, from heavy equipment to delicate items. Strength and Dependability: Deck over trailers are known for their strength, versatility, and dependability. Ground clearance and Loading Space: The higher platform and wider deck of a deck over trailer offers more ground clearance and loading space. Cargo and Towing Styles: The deckover setup allows for more versatility in cargo and towing styles. Deck over trailers can range from 16 to 44 ft in length and have hauling capacities ranging from 14,000 to 25,000 lbs. They are available in bumper pull or pintle-eye and in various axle configurations.

24' Model Shown
